

Who are South Bay Volunteer Firefighters?

We are your neighbor, the “man or woman next door.” We are husbands, fathers, sons, wives, mothers or daughters. We are the factory worker, the business owner, the corporate executive. We are the jogger, the sports fan, the handyman. We are just like everyone else, save for that one special quality... we will risk our life to save yours. You'll see us in offices, waiting rooms and at Little League games. You'll see us in every house of worship and in our local stores, proudly wearing the emblem which shows that we are a member of a fraternity dedicated to preserving life... All Lives.

Our vehicle is the one backed into the driveway with the blue light on the dashboard; ready to go at a moment's notice. We are silent during the national anthem and salute when the flag goes by. We'll sacrifice the best of times at the sound of the alarm. We'll return home to many cold dinners. For all of this we receive no pay. We will be there when you need us and we never expect anything in return for our actions.

South Bay Fire Dept
Professionally Staffed by Volunteers

Prospective Member Guide

Mission Statement

We will protect and preserve the lives and property of the residents, visitors, and surrounding communities with an effective and efficient membership that strives to be a positive influence in the community for which we serve.

What's it like to volunteer in the fire service?

Being a volunteer firefighter is one of the most challenging and one of the most gratifying volunteer services. You will be trained to cope with situations which range from home fires to alarm activations. Once you have been properly trained, your skills may be needed at any time of the day or night, seven days a week, and in all types of weather.

As volunteer firefighters in our community we are here for two basic reasons—fire prevention and fire suppression. These are achieved through education, training, pre-incident planning, and more training.

This opportunity is not for everyone. You need more than the desire to help people. You need to be trustworthy respectful, enthusiastic, and have the willingness to learn new skills and face new challenges. You must have the time for emergency calls, training, and meetings.

The personal rewards of being a South Bay Firefighter are many. You will feel a great sense of accomplishment after controlling a building fire, feel compassion for helping a property owner, or feel fulfillment in teaching fire safety. The bottom line is that we are prepared for one reason, and that is to provide a life-saving service to our community.

Safety is our #1 priority
